Not Approved	0	Average Daily Ridership 1999-00	3,495
High School Graduates:		District Owned Operation	
High School Diplomas-Regular	346	* Certificates of Completion issued at a district level	
Other Completions*	0	** Limited English Speaking (LEP)	

Superintendent's Highlights

The passage of a plant facility levy in the spring of 2001 provided a major boost to needed building improvements. Major projects included a fiber optic network linking schools in Rexburg, replacement of bleachers at the high school and a major upgrade in the air handling system at the junior high school.

Madison School District collaborated with many community-based agencies in developing programs centered around the 40 Assets Program and a successful early-childhood project designed to teach parents the importance of reading.

The school district continued to successfully implement the Idaho Reading Initiative with a strong improvement in reading scores.

PowerSchool, a web-based student information system, continues to be a powerful tool for parent-school communication. Since it was started a year ago, the site has had 5 million hits.

Progress Towards Meeting District Goals

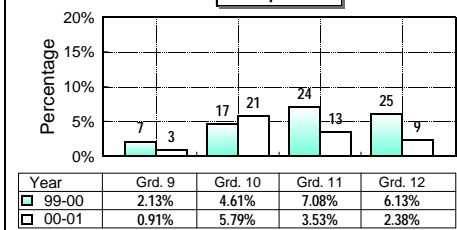

2000-01 Goals	Progress
Reading, mathematics and writing	The board is continuing to receive reports on and is monitoring the implementation and effectiveness of curriculum programs in conjunction with state initiatives designed to improve instruction and student performance in reading, writing and mathematics.
Study of fine arts and vocational education	The school district is involved in an ongoing, cooperative effort with other political entities in Madison County to determine a course of action for improving our fine arts facilities to accommodate the huge program the district has and to increase opportunities in our vocational education departments.
Securing grant funds to help facilitate Increased educational opportunities	Madison District has taken a proactive approach in finding secondary funding sources to provide our students with enhanced educational opportunities. A successful early-childhood demonstration project, several technology integration grants and a community-based asset-development program have been among the programs that are being implemented.
